

## Brief Curriculum Vitae

**Family name :** KHAN    **Name :** Naim Akhtar    **Date of birth :** 30/06/1959

**Position held:** University professor (Exceptional Class, 02 - E2)

**Section:** Animal physiology

**Holder:** Excellence premium for research (PEDR) since 1996

**Currently:** Director, Physiology of Nutrition & Toxicology (NUTox), INSERM U1231, Dijon.

### *University titles:*

1. Habilitation à diriger de recherche (Felicitations from the Jury), Université de Limoges - 1995
2. DSc from the University (Rennes I), Very Honorable, Mention with Felicitations from the Jury - 1990
3. PhD - India - 1985

### *Summary of the career:*

Since 1997 - University Professor, Physiology, University of Burgundy, Dijon 1993 - 1997

- Associate Professor, Physiology, University of Limoges, Limoges 1992 - 1993

### *Valorization:*

- **H-index = 45; Publications: 202; Congress / conferences = 147;**

- **Editor** "Nutrients" - **Editor** "PlosOne" - **Editor** "J Clin Med"

- **Associate Editor**, "Frontiers in Physiology"

### **Main investigator of 2 patents in the "invention" category:**

1. WO2019229005 "Oleic acid derivatives, pharmaceutical composition or food composition comprising said oleic acid derivatives and their uses", published in December 2019.
2. WO2019228994 "Linoleic acid derivatives, pharmaceutical composition or food composition comprising said oleic acid derivatives and their uses", published in December 2019.

### *Distinctions, National & international responsibilities:*

- **Visiting Professor**, University of Chiba, Japan in 2000
- **Visiting Professor**, University of Cagliari, Italy in 2019
- **Fellow**, Royal Society of Biology, United Kingdom, since 2018
- **Vltava laureate** in 2009, by the French Embassy in Prague.
- **Laureate**, "Mustapha Foundation International" Tehran, Iran, 2019.
- **Laureate** "Innolec Lectureship in Neurobiology", Masaryk University, Czech Republic, in 2010.
- **Robert Naqué Prize** by the Société de Physiologie (France) in 2012.
- **Prize**, "Nutrition / Food" category, by National Academy of Medicine (France) in 2020.
- **Secretary General**, Société de Physiologie (France) from 2013 - 2016.
- **Representative of Physiology** - COFUSI (French Committee of International Scientific Unions) at within the IUPS (International Union of Physiological Societies) since 2017
- **Academic representative in a French delegation** to South Korea in 2017
- **Director** of the Department - Animal Physiology, Immunology & Neurosciences. 2003-2005, Dijon
- **Director of UPRES EA 4183** "Lipids & Cellular Signaling" 2007-2011

### *Expert:*

ATRBISA (Thematic Research Agency on Biotechnologies and Food Safety), Algeria; National Committee for High Level Sports Research, ANR, France; InnovIris, Belgium - Founding member, "African Society of Physiology and Physiopathology (SA2P)", in 2013, Dakar, Senegal.

### *Life member:*

- Mexican Society of Neurology and Neurosurgery, Mexico;
- Indian Immunology Society, New Delhi, India
